Warehouse systems

aligned with Your Operational demands

3600m²

Of warehouse space divided into a block storage area, high-bay shelving and a handling area.

18 000

18,000 shelves with dimensions of 60x100x50 cm and a load capacity of 250 kg provide an ideal solution for many market segments.

9 600m²

Mezzazine by Nedcon allows to save space thus minimizing rental costs.

15 km

The warehouse is located 15 km from the Okęcie Airport between routes S7 and S8.

SEPHORA

A dedicated solution for advertising materials and store equipment based on the ESG strategy.

Our Company **Our Community** Our Impact

#better together

We are guided by values that put people and teamwork first, creating an inspiring work environment.

#social impact

We fully commit to projects and initiatives that help those in need.

#youth support

We engage with the local community by supporting young talents and meaningful initiatives.

Creative work environment

We have crafted a holistic work environment for our team (inspiring workspace, serene zen garden, gym, and a vibrant café) fostering a dynamic and fulfilling experience for our employees.

Organizational **culture**

We have cultivated an inclusive organizational culture through collaborative activities fostering a sense of unity and shared purpose among our team.

We support **GOOD** causes

We champion impactful causes, joining initiatives like 'Szlachetna Paczka' and 'Akcja Ciacho,' collaborate on community projects, and actively respond to humanitarian crises, such as the Ukraine war, through hands-on involvement in humanitarian transportation – embodying our company's core values.

We develop talents

We take pride in supporting young talents, including European Junior Judo Champion Grzegorz Teresiński, the 'I Choose Kindness' youth movement, and local sports team, 'Kosa Konstancin.' This commitment reflects our believe in making a positive impact on society and take responsibility for fostering positive change.

Ambitions 2030

ESG strategy

20% zero-emission fleet and carbon footprint reduction.

Operational excellence

Implementation of ISO and KAIZEN standards in all areas and processes of the company.

Comprehensiveness

Integration of the customer supply chain into a 4PL model.

Digitization

Digitization of processes, including cargo tracking, fleet and logistics process management, investing in advanced AI systems.

Market share

Leader in the Polish market in the comprehensive handling of advertising materials.

Expansion

Increase in our presence in the international market based on direct branches (Czech Republic, Germany, Italy, Spain) and acquisitions.
